

# accessibility

Precise MRI Corp, DBA Precise Imaging strives to improve the usability and accessibility of its business website and mobile application for all users, including those with disabilities. Precise Imaging's efforts to improve digital usability and accessibility are guided by the relevant portions of the Web Content Accessibility Guidelines 2.0, Level AA and other existing recommendations.

Our efforts are ongoing and are tested on a periodic basis using various forms of assistive technology. Our testers include individuals with disabilities who are native users of assistive technology.

If you are a user with a disability, or an individual assisting a user with a disability, and have difficulty accessing or navigating our digital channels, please contact us at [support@precisemri.com](mailto:support@precisemri.com) or call us at 818-907-7723

The accessibility email address should only be used for accessibility-related issues facing users with disabilities or those who assist them. This email address is monitored by Precise Imaging's digital accessibility team who are not equipped to review or respond to inquiries unrelated to digital accessibility.
